Sir:

The Notice of Allowance and the Notice of Allowability dated September 27, 2006, are acknowledged. The issue fee and the publication fee have not yet been paid.

The Notice of Allowability includes an Examiner's Amendment to claim 11. However, the Examiner's Amendment is written in such a way that is likely to result in errors when the Examiner's Amendment is entered during the process of printing the patent, particularly with respect to the change to line 12 where the Examiner left off the closing "- -" to indicate the end of the inserted phrase. Accordingly, a clean copy of claim 11 as amended by the Examiner's Amendment appears on the following page. It is respectfully requested that this clean copy of claim 11 be used in printing the patent.
